U.S EQUAL EMPLOYMENT

) EEOC Charge No. 451-2021-01589

)

) Response to the Respondent's Position Statement

I. FACT

Based on the Exhibits provided by the Claimant in this Response, it can be inferred that the Claimant's allegation of discrimination and retaliation are supported but not limit to, the verbiage in the Respondent's Position Statement and the verbiage in the Law Firm Documents. It can also be inferred that the Claimant was still assigned to the FTDTL Project and employed by Federal Information Systems Inc.

1. The Claimant reported, to Alexander M. Bartonek in early March 2021, that she was being treated differently by a Developer while assigned to FTDTL Project marked as Exhibit 1A. Per the verbiage used in a EEOC letter marked as Exhibit 1B ("**Your complaint to your supervisor that you were not being heard because you were a woman was reported and addressed**") infers that the Claimant's allegation reported to Alexander M. Bartonek was valid as it was "**addressed**".
  
2. The Claimant reported a second time, that her voice was not being heard, on March 31, 2021 to Alexander M Bartonek and Adrian M Flores while still assigned to FTDTL Project. Exhibits 2A, and 2B infers that the allegation was reported to Management (Adrian M Flores), and no investigation was conducted at that time. Exhibit 2C infers that Adrian M Flores took an adverse action against the Claimant by removing the Claimant from the FTDTL Project on April 7, 2021.
  
3. The Claimant reported to Robert McKay (Human Resources) on April 7, 2021 via phone that her removal by Adrian M. Flores from FTDTL Project was retaliation. This was a three way conversation between the Claimant, Robert McKay, and Adrian M. Flores. Adrian M. Flores informed the Claimant , a reason for termination was not required due to the State of Texas being an At Will State.

would be investigated. Based on Exhibit 1A and 2B, it can be inferred that the Claimant followed Federal Information Systems Inc process and was still employed with Federal Information Systems Inc at the time of this three way conversation.

4. The Claimant's employment with Federal Information Systems Inc. was terminated on April 8, 2021 and all communication was directed to the Law Firm. Exhibit 3 infers that the Claimant employment with Federal Information Systems Inc was terminated.

## II. Legal Analysis

### A. Pursuant to Title VII of the Civil Rights Act of 1964 (Pub. L. 88-352) (Title VII), as amended, as it appears in volume 42 of the United States Code, beginning at section 2000e)

"Title VII prohibits employment discrimination based on race, color, religion, sex and national origin"

The Claimant's allegation of being treated differently while being assigned to the FTDTL Project could be inferred in the EEOC Correspondence that the Claimant's reported a "**Protected Act**" and the Claimants Civil Rights were violated. The verbiage "**because you were a woman**" and "**addressed**" can be used as inferences that the Claimant was discriminated against based on gender.

### B. Pursuant to Wikipedia

"**Discrimination** is the act of making unjustified distinctions between people based on the groups, classes, or other categories to which they belong or are perceived to belong.[1] People may be discriminated on the basis of race, gender, age, religion, or sexual orientation, as well as other categories.[2] Discrimination especially occurs when individuals or groups are unfairly treated in a way which is worse than other people are treated, on the basis of their actual or perceived membership in certain groups or social categories.[2][3] It involves restricting members of one group from opportunities or privileges that are available to members of another group.[4]"

Per Wikipedia and the Exhibits, it can be inferred that the Claimant was being discriminated against while being assigned to the FTDTL Project.

### C. 42 U.S. Code § 12203.Prohibition against retaliation and coercion

"(a)Retaliation

No person shall discriminate against any individual because such individual has opposed any act or practice made unlawful by this chapter or because such individual made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under this chapter."

The Claimant was removed from FTDTL Project by Adrian M Flores on April 7, 2021 after reporting the "**Protected Act**" on March 31, 2021, . The Claimant was then "**fired**" on April 8, 2021 by Federal Information System Inc after reporting "**Retaliation**" by Adrian M Flores.

### D. United States Department of Labor

"Retaliation occurs when an employer (through a manager, supervisor, or administrator) fires an employee or takes any other type of adverse action against an employee for engaging in protected activity."

The Claimant was "**removed**" from the FTDTL Project by Adrian M Flores on April 7, 2021 and was then "**fired**" on April 8, 2021 by Federal Information System Inc.

### **III. Conclusion**

Based on the inferences provided by the Claimant, it can be inferred that Respondent did not provide a 'safe' working environment for the Claimant. Instead the Respondent willfully chose to 'defame' the Claimant's character and "terminate" the Claimant's employment .

THEREFORE, the Claimant respectfully request the investigation move forward to determine the Merits of the Case and to "determine" the recovery of compensatory and punitive damage.

Re: EEOC Charge: 451-2021-01589  
Respondent: FEDERAL INFORMATION SYSTEMS, INC

Dear Amina Johnson:

This is to advise you that FEDERAL INFORMATION SYSTEMS, INC provided the U.S. Equal Employment Opportunity Commission ("EEOC") a response ("Position Statement") to your Charge of Discrimination. The Respondent's Position Statement, with any exhibits, has been released to you for review and response through the EEOC Public Portal. Any information submitted to you which is deemed confidential and not subject to disclosure has been redacted. **By accepting these documents, you agree that you will only share the contents with persons in a privileged relationship, such as a spouse, clergy, or legal, medical, or financial counsel.**

The above referenced charge is subject to dismissal if it is determined that further investigation will not likely establish a violation of the laws we enforce. The current information in the charge file fails to support your allegations of Sex-Female, Retaliation, Race-Black/African American discrimination. Review of the current information indicates you were on assignment with prime contractor FEDITC during your employment with Respondent. Your complaint to your supervisor that you were not being heard because you were a woman was reported and addressed. You did not report any repeated incidents or further discrimination until after you were discharged. The evidence indicates on April 7, 2021, FEDITC's VP of Information Systems, instructed FIS to terminate your employment for not meeting job expectations. The Net Developer position you held with FEDITC was not filled after you were discharged. The evidence indicates when notified of your termination, you alleged and later reported you were discharged in retaliation for complaining. Through its attorney, FIS responded to your complaint and requested detailed information which you did not provide.

At this time, we request that you provide, within twenty (20) days from the date of this notice, any new additional information which you would like our office to consider in our assessment of the evidence. As we are not receiving physical mail at this time, you may e-mail, fax or upload your response to the EEOC Public Portal (<https://publicportal.eeoc.gov>) under the file type title of "Response to Position Statement." You are advised to include your EEOC charge number on any communications with this office.

### III. LEGAL ANALYSIS

15. **Pursuant to EEOC Charge 451-2021-01589**

**"Respondent acknowledged in its position statement... which is a protected complaint... The evidence demonstrates the decision to end your job assignment... was made solely by the Vice President... who was not aware of your complaint".**

It can be inferred including, but not limited to, Defendant Federal Information Systems, Inc., submitted evidence to be '*absolved*' of the '*casual link*' between the '*protected activity*' and the '*adverse action*' and established "arises under the law that creates the cause of action" (*see Exhibit 3 attached hereto*).

16. **Pursuant to Tex. R. Civ. P. 239**

**"Upon such call of the docket, or at any time a defendant is required to answer, the plaintiff may in term time take judgment by default against such defendant if he has not previously filed an answer, and provided that the return of service shall have been on file with the clerk for the length of time required by Rule 107."**

The 407th Judicial District Court of Bexar County, Texas received a return of service on April 1, 2022 and Plaintiff Amina Johnson pro se, filed a **Motion of Default Judgment** approximately 33 Days after no response from Defendant Federal Information Systems Inc. (*see Exhibit 4 attached hereto*).

17. Pursuant to Tex. R. Civ. P. 503.1(a)(2)

"...plaintiff who seeks a default judgment against a defendant must request a hearing, orally or in writing... With the permission of the court, a party may appear at a hearing by means of telephone or an electronic communication system."

It can be inferred that Brenda A Carrillo '*abused her power*' including, but not limited to, '*delay*' the requested hearing, '*interfering*' with Texas's Civil Proceeding and '*gas-lighting*'(see *Exhibit 4 attached hereto*).

18. Pursuant to 28 U.S.C. § 1446(b)

"The notice of removal of a civil action or proceeding shall be filed within 30 days after the receipt by the defendant, through service or otherwise, ..."

Defendant Federal Information Systems, Inc., filed a Notice of Removal over 90 day after receipt of the initial complaint and summon through eFileTexas.gov service.

19. Pursuant to Rains v. Criterion Systems, Inc., 80 F.3d 339, 344 (9th Cir. 1996),

"It is state, not federal, law that creates the cause of action for wrongful discharge in violation of public policy."

Plaintiff Amina Johnson pro se acknowledges due the emotional impact of these proceedings, the state claim was in the conclusion "... Merit of the Case and the recovery of compensatory and punitive damages." It can be inferred that EEOC Charge 451-2021-01589 proved a protected activity was reported, an adverse action occurred and temporal proximity existed.

**IV.**  
**SUMMARY**

20. Defendant Federal Information Systems Inc., blanket conclusions of the initial complaint is not a proper basis for removal. Plaintiff Amina Johnson pro se has only stated facts that Defendant Federal Information Systems Inc., has acknowledged in the EEOC Charge 451-2021-05189.

Plaintiff Amina Johnson pro se pleading is clear, no federal question exist, Defendant's Federal Information Systems Inc received the initial complaint on April 1, 2022, acknowledged protected activity was reported, an adverse action occurred, willfully submitted baseless evidence to EEOC and continue to malign Plaintiff Amina Johnson pro se.

**V.**  
**CONCLUSION**

21. THEREFORE, Plaintiff Amina Johnson pro se, respectfully pleads with this Court to grant the Motion for Remand on procedural defects and grant the Motion of Default Judgment.

Respectfully submitted,

By:

Re: EEOC Charge: 451-2021-01589  
Charging Party: Amina Johnson  
Respondent: FEDERAL INFORMATION SYSTEMS, INC ("FEDITC")

Dear Amina Johnson:

Thank you for the additional information you submitted in response to our preliminary assessment of the evidence. We want to assure you that all the evidence submitted by you and the employer has been considered in our review of your case.

After review of the additional information you provided, it is our assessment that further investigation is unlikely to result in a violation of the statutes we enforce. In addition to the information provided in our November 9, 2021 correspondence, in your inquiry to the Commission you stated, *"On 20210331, I reported to my Direct Report that I was being treated differently by a Developer. On 20210401, I reported to my Direct Report and the Project Manager that my voice was not being heard and I was not going to Fix a Test just to Pass so the Features can be Release to Production."* Neither complaint is protected under the law because they did not identify a protected basis. Respondent acknowledged in its position statement you complained you were not heard because you were a woman, which is a protected complaint. However, there is no evidence you suffered any employment harm based on this allegation which must be present to prove discrimination. The evidence demonstrates the decision to end your job assignment with FEDITC was made solely by the Vice President of Information Systems, who was not aware of your complaints. The decision was based on a legitimate nondiscriminatory reason. The available information does not support a conclusion that Sex-Female, Retaliation, Race-Black/African American were factors in your employment experiences. While we realize that you have firm views that the evidence supports your position you were discriminated against, the final determination must comport with our interpretation of the available evidence and the laws we enforce.

Accordingly, we decline to take further action on the charge. Please find enclosed **Dismissal and Notice of Rights** that represents a final determination by the U.S. Equal Employment Opportunity Commission (EEOC) and describes your right to pursue the matter by filing a lawsuit in federal court within ninety (90) days of receipt of the dismissal notice. If you fail to file a lawsuit within the statutory ninety (90) day period following receipt of our dismissal notice, your right to sue in federal court will expire and cannot be restored by EEOC. You may wish to consider consulting private counsel who specializes in employment law about your employment experiences to determine whether you wish to initiate litigation and the likelihood of prevailing in any lawsuit you may file. Your local bar association may be able to provide referrals to local attorneys.
